PROMODAG REPORTS

for Microsoft® Exchange Server

Reporting on Exchange made simple!

- Analyze all messages exchanged, whether internal or external to the organization
- Generate reports
- Reveal traffic patterns and volumes
- Evaluate the internal cost of utilization

OPTIMIZE THE SYSTEM!

With **PROMODAG Reports** for Microsoft® Exchange Server, you can now measure the usage of your electronic messaging system, analyze traffic patterns and establish the cost of using the system.

PROMODAG Reports analyses and reports on all types of Exchange traffic.

It has been developed by experts in electronic messaging systems that specialize in Microsoft® Exchange.

BENEFITS

A well-managed electronic mail system is a strategic asset for a company in today's business world.

- Analyze easily your Microsoft® Exchange Server utilization
- See in detail who your users correspond with
- Base your plans on a reliable understanding of your electronic mail usage and needs
- See all the activity of your mail system in a format that's easy to understand
- Gain time and money, by establishing an internal cost of utilization
- Ensure you are meeting your Service Level Agreement with the report: "message delivery time".

Managers can now get a summary view of the messaging system from complete and comprehensive reports.

Administrators can use detailed reports to reliably optimize system configuration and design in response to changing traffic patterns.

COMPREHENSIVE REPORTS THAT ARE EASY TO UNDERSTAND

- More than 30 ready to use reports, with many configuration options to suit your specific information requirements
- Instant access to the most frequently used reports via the Favorites menu
- Save your report configuration parameters
- Export reports in HTML, RTF, XLS
- Detailed or summary reports
- Statistics Reports
- Billing Reports
- Use the report preview navigation bar to quickly zero in on the information you need.

	Messages	Cost	Messages	Cost
LAPTOPS - BILLY, ASSAULT				
Exchange	12	\$120	12	\$120
Internet	120	\$1200	120	\$1200
Mailboxes	0	\$0	120	\$1200
LARRY & MARY				
Exchange	120	\$1200	120	\$1200
Internet	0	\$0	0	\$0
Mailboxes	120	\$1200	120	\$1200
REPORTS BY USER				
Exchange	120	\$1200	120	\$1200
Internet	0	\$0	0	\$0
Mailboxes	120	\$1200	120	\$1200

AVAILABILITY

PROMODAG Reports is available in three editions to meet the needs of all organizations, from a single server to a global enterprise.

- The Standard Edition is intended for organizations with a single Exchange Server
- The Professional Edition uses a Microsoft® Access database for larger Exchange organizations
